If you entered in a fifth outsourced partner's name and bio, then this field will update as well

HERE IS YOUR STEP 4 EMPLOYEE RECRUITING, RETENTION, ETC., PAGE -->

Employee Recruiting Strategy

We recruit employees that have significant virtual reality practical experience, including engineers that have worked at large media companies, founders of virtual reality companies and advanced research and development computer science PHDs from top universities. The common element that all of our employees have is a passion for disrupting the entire media industry using next generation virtual reality technologies. Everyone at Shark Virtual Reality is a team player, affable, hungry and ethical.

Employee Incentivizing, Motivation and Retention Strategy

We believe in a solid work/life balance. As such, we allow all employees to work from home, which keeps our costs lower and morale very high. We offer generous stock options as well, with a vesting period of 4 years for each annual stock option grant.

Additional Resources to Hire

We are looking to hire a full-time engineer with back end a.i. experience in foreign markets. We are also looking to hire a part-time data entry employee.

Employee Recruiting Strategy

If you entered in details for your employee recruiting strategy, then this text will update automatically.

Employee Incentivizing, Motivation and Retention Strategy
